

Review Article

- Lipid oxidation in biological systems: biochemical, biological & biophysical aspects
Y. K. Lahir 224-233

Research Articles

- Genotyping of Mycobacterium tuberculosis from Iraqis patients
Sabah Saad Abdulsahib¹, Abdul Kareem Abdulrazak Al-kazaz², Mohammad A. Al-Faham³ 234-238
- Quantitative estimation of haemolymph protein during different days of v instar larvae in bivoltines, multivoltines and mutants of the Bombyx mori
Shivkumar & G. Subramanya 239-241
- Evaluation of neem plant parts extract on egg hatching of Meloidogyne incognita
Naresh Nayak & J.L. Sharma 242-246
- Study on toxic effects of neonicotinoid insecticide imidacloprid exposure in chick embryos
Muktyaz Hussein¹, Vishram Singh¹, Birendra Yadav², Singh A.K.³, Hassan, M.A.⁴ & Rakesh Pathak² 247-251
- Study of economically viable farming system model for marginal farmers in central plain zone of Uttar Pradesh, India
Naushad Khan, Mayank Dubey & U. S. Tiwari 252-254
- Foraging behavior of Apis florea fabricius during winter and spring- summer in Bankura and Paschim Medinipur Districts, West Bengal
U. Layek, R. K. Bhakat & P. Karmakar 255-263
- Effect of tomato juice added to different ratio of camel hen meat on the chemical composition of processed burger
Sadia M. Al-Jumaily 264-267
- Effect of months on levels of some hematological parameters of Iraqi one- humped female camels (Camelus dromedarius)
Yassen Taha Abdul-Rahaman, Saad Thabit Jassim & Ali Abedel Fatah Omar 268-271
- Effect of serum and seminal amh on sperm production for oligozoospermic and azoospermic men
Asmehan Adnan Al-LNaqeeb¹ & Muhammed Baqir M- R.Fakhrildin² 272-276
- Predictive efficiency of ultrasound scanning and plasma progesterone assay for detection of early pregnancy and embryonic mortality in cattle
K.K. Hadiya, A.J. Dhama*, B.B. Nakrani, J.A. Patel & N.P. Sarvaiya 277-281
- Bioactivity of Leonotis nepetifolia and Ocimum gratissimum extracts in management of Tetranychus urticae Koch on French beans
Kennedy O. Ogayo¹, Joshua O. Ogwenio¹, Jane G. Nyaanga¹, Joshua O. Ogendo¹, Isabel N. Wagara² & Sylvans O. Ochola¹ 252-256
- Evaluation of melatonin, and adipokines in patients with Alzheimer's disease
Entedhar Rifaat Sarhat 287-295
- Soil quality under basaltic landforms of Rahat Watershed, Maharashtra
Stanjin Lakdan, S.S. Balpande, A.R. Mhaske & R.M. Ghodpage 296-299
- Minimax and semi-minimax estimators for the parameter of the inverted exponential distribution under general entropy loss function

Nadia H. Al-Noor & Suzan Furman Bawi	300-306
Screening of microorganism for industrial production	
S. Maragathavalli*, S.V. Megha, S. Brindha, V. Karthikeyan & B. Annadurai	307-313
Use of fungi isolated from textile effluent for degradation of synthetic dyes and optimization of degradation process	
Y. B. Phatake, R. J. Marathe & M. S. Shejul	314-319
Case Study	
A promising alternative to fish oil source of omega 3 production: role of algae	
Meenakshi Bhattacharjee	320-325
Biodiversity indices of terrestrial fauna associated with the gulf of Kachchh Marine National Park of Pirotan Island	
K. Ramkumaran ¹ *, J.S. Yogesh Kumar ¹ , R. Chandran ¹ , G. Arun ¹ , Ch.Satyanarayana ² and K.Venkataraman ³	326-329
