Global Journal of Bio-Science and Biotechnology-(GJBB)

Review Article

Entomopathogenic potential of the fungi metarhizium (Hypocreales, clavicipitaceae) in the management of Insect pests
Aneeta Patel, R. Raja Rishi, R. Sundararaj ................................. 411-431

Remote sensing and its role in agriculture
Phuntsog Tundup1, A.P. Rai2 & Malvika Sharma3 ........................................... 432-436

Effectiveness of ultrasonography in the detection of metastatic lymphnodes
J. Benjamin Premkumar, Hari S Prabhu, Thiruneervannan, R. & Hari S Prabhu* .................. 437-443

Research Article

Correlation analysis among forage yield and quality components in sorghum Sudangrass hybrids under water stress conditions
Amir Bibi1, Muhammad Imran Zahid1, Hafeez Ahmad Sadaquat1& Bilqees Fatima2 .................... 444-448

Influence of climate change on traditional agriculture of cold desert region-Ladakh
Phuntsog Tundup1, M.A. Wani1, Sonam Dawa2, Shabber Hussain3, A.P. Rai4 ...................... 449-452

α-L-Rhamnosidase from Aspergillus flavipus using citrus solid waste as inducer for application in juice industry
Sarita Yadav* and Sudha Yadava .......................................................... 453-456

Water harvesting and conservation under cold desert condition of Ladakh (J&K): constraints and strategies
Phuntsog Tundup1, M.A. Wani1, Sonam Dawa2, Shabber Hussain3, A.P. Rai4 ...................... 457-460

Ramispinatispora gouthamkhanensis sp. nov.: a new megaspore from early permian, barakar formation, Goutham Khani open cast mine, Kothagudem area, Telangana, India
Arun Joshi .................................................................................. 461-463

Evaluation of native and commercial strains of trichoderma and azospirillum in vegetative propagation of Jatropha curcas L.
Antolin Martiño Martínez1, Rodolfo Fugueoro Brito17, Jesús Piña Guillén2, Fernando Díaz de la Rosa2 ................................................................. 464-469

Molecular identification of idh gene of the patulin toxin producing from Penicillium expansum isolates and studying of its toxic effect in male mice
Mohsen H. Risen .......................................................... 470-476

Effect of different levels of basil seeds on some blood biochemical traits
Kadhim Saleh Kadhim .................................................................. 477-480

Clonal relationship assessment through phenotypic and genotypic characterization of different virotypes of Escherichia coli present in diarrheal patients and non-diarrheal control
Arif Mahmud Howlader, Kaisar Ali Talukder, Mohammed Badrul Amin, Md. Shawkat Hossain .......................................................... 481-487

Nutritional and proximate composition of rice based tomato powder incorporated extrudates
R. Srivalli, B. Anila Kumari1, K. Uma Maheswari1, B. Neeraja Prabhakar2 & Jessie Suneetha, W.1 ............................................................................ 488-491

Snail shells: a new ecological packing for moving bed reactor MBBR in the biological treatment of dairy effluent
Amal Aitcheikh1, Nadia Boutaleb1*, Bouchaib Bahlouan1,2, Hanane El Omari1, Amal El Jaafari1, Said Lazar1, Said El Antri1 ........................................................................ 492-497
Status and potential of organic farming in high altitude Cold Arid Region-Leh (Ladakh): a survey
Phuntsog Tundup*, M.A.Wani1, A.P. Rai2 ………………………………………………………………………………498-500

Different strategies for greening high altitude cold desert region-Ladakh (J & K)
Phuntsog Tundup*, M.A.Wani1, A.P. Rai2 ………………………………………………………………………………501-502

Does smoking accelerate nail growth?
Khalifa E. Sharquie1 & Jawad Kadhim Shaboot2 ………………………………………………………………………503-504

Detection of intracellular adhesion (ica) genes and biofilm formation in Staphylococcus spp. Isolated from different clinical samples
Heba Khlaf Yassin Al-Mtory, Maysaa S. Al-Shukri & Huda H. Al-Hassnawi ………………….. 505-511

Evaluation of self-incompatibility (SI alleles) among some genotypes in almond (Prunus dulcis)
Naema A. Altanger1,2, Nahed A. Rashed1 & Mohamed M. Sourour1 …………………………………………512-519

Anatomical and histological study of the lacrimal gland of the adult male dog (Canis familiaris)
Shaker M.M.1 & Walaa F.O.AL-Obeady2 …………………………………………………………………………………520-524

Bacterial profile associated with chronic tonsillitis and adenoid hypertrophy in children. A bacteriological and histopathological study
Rasha M. Al-Hussaini1, Habeeb Sahib Naher1, Safaa Hussain Alturaihy2 …………………………………525-529

The incidence of bacterial vaginosis in pregnant women in different periods of pregnancy
Eman, J.R. Al-Ardawi1, Habeeb Sahib Naher1, Nadia M. Al-Hilli2 ………………………………………530-532

Case Study
Role of information and communication technology in animal husbandry extension
J. S. Yadav, M. K. Mandal, Ruchi Singh, G. S. Dhakad, M. S. Kushwah* …………………………………… 533-541

Short Communication
