

## Review Articles

Climate change implications on microbes and responses.  
<sup>a</sup>Angshu Dutta & <sup>b</sup>Himangshu Dutta ..... 1-8

Physiological role of leptin in farm animals  
Bablu Jamre, Archana Jain, Mohit Gautam, Jyotsana Shakkarpude & M. S. Kushwah ..... 9-14

## Research Articles

Occurrence of Methicillin-resistant Staphylococcus aureus (MRSA) among the healthy hospital workers, community and characterization for the presence of *luxS-luxP* PVL gene  
Alaa A. Jawad, Orooba K. Abbas & Sarib K. Rawi ..... 15-20

Field evaluation of high yielding and local paddy cultivars of farmers seeds source in southern transitional zone (zone-7) of Karnataka against blast disease.  
<sup>a</sup>Ganesh Naik, R., <sup>b</sup>Dinesh Kumar, M., <sup>c</sup>Gangadhar Naik, B. and <sup>d</sup>Basavaraj Naik, T. .... 21-24

Molecular detection of HPV 16 in saliva of patients with oral squamous cell carcinoma and in the normal population of southwesterly Indians  
Harendra Modak, Tehrim Sayad & Nayana Fernandes ..... 25-29

Effect of cropping season on the control of taro leaf blight (*Phytophthora colocasiae*) of cocoyam (*Colocasia esculenta* L.) in Nsukka, South Eastern Nigeria  
<sup>a</sup>Omeje, T.E., <sup>b</sup>Ugwuoke, K.I., <sup>c</sup>Adinde, J.O., <sup>d</sup>Ogwulumba, S. I. & <sup>e</sup>Unigwe, L.O. .... 30-39

Ecology and seasonal dynamics of occurrence of nematode parasite *Rhabdochona putitora* in alimentary canal of fresh water fish host *tor putitora* from poonch river of J&K State  
Aurangzeb Anjum ..... 40-45

Quantification of carbohydrate in In vitro produced Micro and mini tuber of potato  
<sup>\*</sup>Anoop Badoni, Afsar Ahmad, Ankush Singh, Abhishek Panwar, Siddhant Kailkhura, Naveen Chandra, Himanshu Malhotra ..... 46-48

The impact of the sababu education project on teacher training Programme in Pujehun, Southern Sierra Leone  
<sup>a</sup>Mohamed Paul Ngegba, <sup>b</sup>David Allieu Mansaray & <sup>c</sup>Philip Yamba Thulla ..... 49-62

Soil health as affected by integrated nutrient management in *Brassica campestris* (Brown sarson)  
Ishfaq Nabi Shah, Mohd Rafiq Wani & Chauhan, U.K. .... 63-70

Isolation of specific pathogenic bacteria *Vibrio parahaemolyticus* from shellfishes of Kali Estuary, Karwar, Karnataka  
<sup>a</sup>Shivakumar Haragi, <sup>b</sup>Devraj Kammar & <sup>a</sup>Naik, U.G. .... 71-75

Study of diversity indices of fish heterogeneity of Kalu Dam, Ahmednagar, Maharashtra  
Kawade, S.A. & <sup>\*</sup>Pandarkar, A.K. .... 75-78

Application of food system to prevent the spread of cancer cells for the patients of ovarian cancer  
Aliaa Saadoon Abdulrazaq Al-Faraji\* ..... 79-80

Studies on the maturity and spawning of *Macrones bleekeri* from Visapur Reservoir, Ahmednagar, Maharashtra  
Pandarkar, A.K. .... 81-84

Physico-chemical characteristic and periphytic algal communities of River Roru-Chu, East Sikkim, India: A Preliminary Investigation  
<sup>a</sup>Deepak Chettri & <sup>b</sup>Thapa, M.P. .... 85-91

Evaluating the effectiveness of farmers associations in facilitating clientele involvement in agriculture development programmes in Port Loko District Northern Sierra Leone Mohamed Paul Ngegba & David Allieu Mansaray .....	92-105
The nature and impacts of food security programmes in the Northern Region of Sierra Leone Mohamed Paul Ngegba .....	106-118
Perception of students on the impact of ebola virus disease (EVD) on the education system of Sierra Leone <sup>a</sup> Mohamed Paul Ngegba & <sup>b</sup> David Allieu Mansaray .....	119-128
The operations of the Kpanga Kabonde Fuctional Adult Literacy Programmein Pujehun District, Southern Sierra Leone <sup>a</sup> Mohamed Paul Ngegba, <sup>b</sup> David Allieu Mansaray & <sup>c</sup> Philip Yamba Thulla .....	129-152
Evaluation of some inorganic elements in the serum and seminal plasma of male patients with type 2 diabetes mellitus and its relation to male infertility status <sup>a</sup> Sura Ahmed Najim, Sajedah <sup>b</sup> Abdul Hamid Khalil, <sup>c</sup> Ali Yakub Majid .....	153-158
Study the cytotoxic effects of aqueous (ae) and ethanolic (ee) extracts of artemisia herba alba on human laryngeal carcinoma (hep-2) cell line and murine mammary adenocarcinoma (amn-3) cell line in vitro <sup>a</sup> Khalil H. Al- Jeboori, <sup>b</sup> Ahmed H. Al- Dabhawi & <sup>c</sup> Nahi Y. Yaseen .....	159-169
