Review Articles

Pyrroloquinoline quinone A Redox cofactor and its involvement in biological system Satyabrata Ghosh, Runu Chakraborty & Utpal Raychaudhuri ................................................................. 371-380

Research Articles

Development of tri-metal oxide nano composite adsorbents for the removal of reactive yellow-15 from aqueous solution
Kamila Banu, N. & Santhi, T. ................................................................. 381-389

Factors influencing the under-cultivation of locally available trees in Osun State, Nigeria
1Alao, O.T. 2Adisa, B.O. .......................................................................................... 390-399

Performance of Jathropha curcas (Linneaus 1753) in different soil media in three locations
Emerhi, E. A. ........................................................................................................ 400-404

Residual effects of integrated nutrient management with farmyard manure, coirpith and pressmud compost on cluster bean (Cymopsis tetragonoloba L.)
Anju Singh & Vijayalakshmi, A........................................................................... 405-407

Banned pesticides residues in farmgate vegetables of Sri Ganganagar
Yasmeen Khan & T.I. Khan ................................................................. 408-410

Some aspects of breeding biology of the white-backed vulture Gyps bengalensis Nilagiri North Forest Division in Western Ghats, Tamil Nadu
1Venkitachalam, R., 2Senthil Nathan, S. & 3Bharathidasan, S. ............................... 411-414

Haemoglobin polymorphism in Nigerian indigenous goats in the Niger Delta Region, Nigeria
Agaviezor, B. O., Ajayi, F. O. & Benneth, H. N. ................................................. 415-419

Nitrate-nitrogen and related nutrient contents of some alluvial vegetable production system in Delta State, Nigeria
Egbuchua, C. N. ......................................................................................... 420-424

Cassava mealybug’s incidence, species, status and alternative host plants in Ethiope East and Oshimili south agro-ecological zones, Delta State
1Egho, E.O., 2Ojianwuna, C. C. & 1Enujeke, E. C. .................................................. 425-430

Covered tray SSF and hydroponics like SSF - Novel alternative methods to the conventional solid state fermentation
11Dattatrey Kanitkar, 1Arti Shanware, 2Pratima Shastri ............................................. 431-440

Allelopathic and cytotoxic effects of Parthenium hysterophorus leachates on Cucumis sativus L. var. CO1
Hridya Mohanan & K. Rajendiran ............................................................................ 441-444

Socio economic characteristics and returns to rural artisanal fishery households in Asa and Patigi local government areas of Kwara State, Nigeria
Oladimej, Y. U., Abdulsalam, Z. & Damisa, M. A. ..................................................... 445-455

Novel probiotic bifidobacterium overcomes synergistic effect of three naturalbiotic omni drug and antibiotic against some UTI pathogens
Yusra, M. B. Mohsen, Duaa, S. Shawket, Dalal Abd-Alsattar.................................. 456-462

Effects of cattle-based (cow dung) and phosphatic fertilizer on the yield of okro (Abelmoschus esculentus (L) Moench) in a degraded ultisols of humid region, Nigeria
Enujeke, E. C. & Egbuchua C. N. ........................................................................ 463-467
Breeding strategies of Eutetranychus orientalis (Klein) (Acari: Tetranychidae) on neem

Relative efficacy of different herbicides for weed control in aerobic rice (Oryza sativa L.)
1Madhukumar, V., 2Kalyana Murthy, K.N., Prashanth, R., Basavaraj Kumar & 3Dinesha, M.S.……473-477

Incidence of blight and rot diseases of Bambusa tulda roxb. Groves in Dimapur district of Nagaland State
1Jitu Gogoi, 1,3Rabindra Teronand & 1Ajit K Tamuli .................................................................478-482

Sorption of some cations from aqueous ammonium maleate solutions by Amberlite IRA-400
1Rama Shankar Saroj, 2Dhiraj Kumar and 1A. Mahan …………………………………………………………483-490

Assessment of domestic energy use by some households in JOS north local government area of Plateau State, Nigeria
1Oyelade, O. V. & 2Ihuma, J. O. ………………………………………………………………………………491-493

Nutritional status and reproductive performance of dairy cattle and buffaloes in Sonbhadra district of Uttar Pradesh
Vidya Sagar, R. K. Anand & S. V. Dwivedi ………………………………………………………………………494-498

Delineation of morpho-structural changes of some selected Islands in the Ganga Delta Region, West Bengal, India – A spatio-temporal change detection analysis using GIS and remote sensing
Sandipan Chakraborty & Arun Mondal ……………………………………………………………………………499-507

Antioxidant and tyrosinase inhibitory activity of aqueous extract and oil of seeds of Punica granatum L. (Punicaceae)
1Prakash Yoganandam, G., 2Sumit kumar, 1Neyanila.S.K. & 1Gopal, V. ………………………………………508-511

Systematic treatment and conservation of Loganiaceae in West Africa
1,2Oduoye, O. T., 3Ogundipe, O. T. and 1Olowokudejo, J. D. ……………………………………………….512-520

Poly (D, L - Lactide)-gentamicin composite coated orthopaedic metallic implant
1Mahendra Lakdawala, 1Hassan, P. A., 1Devesh Kothwala & 1Malik, G. M. …………………………………522-529

Serological diagnosis of antirubella and anticytomegalovirus (IGM and IGG) in Iraqi women sera using the enzyme linked fluorescent assay (ELFA)
Khalil H. Al-Jeboori ……………………………………………………………………………………………530-532

Occurrence, types and location of calcium oxalate crystals in Vernonia amydalina Del (Asteraceae)
1Nwosu, Sunday Iroham, 2Stanley, H. O and 3Okerentugba, P.O. …………………………………………..533-537

Radio agricultural programmes: a means of bridging research findings - rural farmer’s gap. A case of Zaria metropolitan area, Kaduna State, North Western, Nigeria
1Ango, A. K., 2Illo, A. L, 3Yakubu, A. A., 4F. J., Yelwa, & 5Aliyu, A. ………………………………………538-545

Ethnobotanical and phytochemical studies of some selected species of leguminoseae of northern Nigeria: A study of borgu local government area, Nger State, Nigeria
1Olajide, O. B., 2Fadimu, O. Y., 3Osaguona, P.O., 3Saliman, M.I. …………………………………………..546-551

Assessment of the ameliorative role of propolis and malic acid in intestinal and liver functions of aluminum exposed male rats
Majida A.J. al-Qayim & Dina Saadoon ……………………………………………………………………………552-558

Effect of row arrangement, nitrogen and phosphorus levels on castor total dry matter accumulation in maize (Zea mays L)/ castor (Ricinus communis L.) Mixture

Effect of sulphur and zinc on the seed yield and protein content of summer mungbean under arid climate
Surendra Ram & Katiyar, T.P.S. ………………………………………………………………………………………563-566
Some gastro-intestinal protozoa of zoonotic importance observed in captive animals of al-zawra zoo in Baghdad

Amanee Mohammad Radhy, Jenan Mahmood Khalaf & Azhar Ali Faraj

Short Communication

Amphibian population decline: A case study from Jammu and Kashmir, India

Neelam Saba & Wahied Khawar Balwan

Case Report

Giant cell tumor of temporal bone- A case report

Bharath, C.
