**Review Articles**

Conjugated linoleic acid: sources, biosynthesis and health implication  
1Ramendra Das, K., 1Puhle Japheth, 2Imtiwati, 1Dinesh M. Maher, Thulasiraman Parkunan,  
1Mohsin Ayoub Mir, 1Arun Pratap Singh & 1Aasif Ahmad Seikh ........................................................................311-318

**Research Articles**

Mollusca fishery of Pennera River Estuary, Nellore Andhra Pradesh  
Gurumayum, S.D. ........................................................................................................319-324

Consumptive use, water use efficiency and water productivity in long pepper as influenced by precision farming techniques under protected cultivation  
1Jayanth, S.G., 2Anilkumar, A.S. & 3Mallikarjunagowda, A.P. .................................325-328

Constraints in cashew production among cashew farmers in Southwestern Nigeria  
Oluyole, K.A., Yahaya, A.T., Uwagboe, E.O., Mokwunye, I.U., Agbenyi, S.O., Orisajo, S.B.,  

Haematological and serum analysis of goat fed with jatropha kernel cake treated with Mucor indicus and Absidia corymbifera  
*Moshood Adewale Belewu,1Kafayat Yemisi Belewu, Nosimot Oluwatobi Belewu, 2Ogunleke,  
F.O. & Oyeniyi, F.T. ........................................................................................................334-337

Efficacy of ligno-phenolic composts in the growth promotion of vegetables  
Sally K. Mathew, Gleena Mary, C.F. & Rani Varghese ..................................................338-340

Morphometric diversity of Pongamia pinnata (L.) Pierre candidate plus trees a potential agroforestry tree  
1,2Hosalli Ramaswamy Pavithra, 3Manchanahally Byrappa Shivanna, 1Kodi Rajesh Kumar, 1Kuthi Thammaiah Prasanna & 1Balakrishna Gowda ........................................................341-352

Phytosociological analysis of mangrove vegetation in Netravathi-Gurupura and Mulki-Pavanje Estuarine complexes of Dakshina Kannada, Karnataka  
1Reddy, H.R.V., 1 Gowda, G., 2Somashekar, S.R., 1Sushanth, V.R., 1Adiga M.S. &  
1Durgekar, R.N. ........................................................................................................353-361

Yield and yield components of aerobic rice as influenced drip fertigation  
1Balaji Naik, D., 2Krishna Murthy, R. & 3Pushpa, K. ........................................................362-365

Studies on genetic variability in traditional land races and improved cultivars for yield and yield components in rice (Oryza sativa L.)  
1Savitah P. & 2Usha kumari, R. ......................................................................................366-371

Association studies in pigeonpea [Cajanus cajan (L) Millsp.] For yield and yield attributes including physiological traits  
Chithrameenal, K. & Jebaraj, S. ......................................................................................372-375

Integrated nutrient management and method of application on nutrient uptake, microbial population and different efficiencies in rainfed direct sown finger millet (Eleusine coracana L. Gaertn.)  
*Jagathjothi, N. & Ramamoorthy, K. ........................................................................376-381

Daily rainfall forecasting using adaptive neuro-fuzzy inference system (Anfis) models  
1*Kyada, P.M. & 2Pravendra Kumar ..............................................................................382-388

Butterflies diversity of agricultural fields of Howrah district, West Bengal, India with special reference to their host plants in agroecosystem
Saurav Dwari & Amal Kumar Mondal ........................................................................................................ 389-396

Physico-chemical analysis of groundwater quality in Aligarh City, Uttar Pradesh

1Shahida Perween & 2Ummatul Fatima .............................................. 397-405

Evaluation of natural durability of Ficus sur and Cola gigantea from two ecological zones of Ghana

1Mensah J.K., 1Apetorgbor, M.M. & 1Owusu, F.W. .......................... 406-410

Population dynamics, biology of cotton aphid, Aphis gossypii (Glover) and its associated natural enemies in Vadodara, Gujarat

1Ruchika Kataria & Dolly Kumar ..................................................... 411-420

Effects of herbal plant extracts on germination and seedling growth of some vegetables

1M.A. I. Talukder, 1M. Rahaman, 2B. Roy, & 3K.C. Saha .......................... 421-425

Testicular cyclicity of Trichogaster lalilus during breeding and non breeding season

Samarneda Behera, Debkanta Sutrhadhar, 3Sanjeev Kumar & Rinku Gogoi .............................................. 426-431

Antimicrobial efficacy of Azadirachta indica leaf extracts

1Cecily Rosemary Latha R., 2Kavitha, S. & 3Sathyam, S. ...................... 432-440

Identification of β-carotene rich maize inbreds using PCR – based assay for crtRB1-3′TE allele

1Deepti B. Sagare, 1Prashant Shetti, 1Sokka Reddy, S., 2Surender, M. & 3Pradeep, T. ........................ 441-443

Acetylcholine esterase (AChE) activity in ciliated olfactory neuron of a teleostean: GOBIID

[Pseudapocryptes lanceolatus (Bloch and Schneider, 1801)]

Swaraj Kumar Sarkar & *Subrata Kumar De .................................................. 444-446

Individual variations in secretory ABO group antigen

Suha T. Abd .................................................................................................................. 447-451

Immunohistochemical changes in cerebral cortex of chick embryos after exposure to neonicotinoid insecticide imidaclopid

1Vishram Singh, 2Muktyaz Hussein, 3Birendra Yadav, 4Singh, A.K., 4Hassan, M.A. & 4Nigar Fatima ................................. 452-458

Study of carcass characteristics in pigeons administration fish oil

1Yasser Jamal Jameel, 2Ali Mahdi Sahib, 3Mohammed A. Husain .................................................. 459-461

Relationship between fish oil and immune response of pigeons vaccinated against Newcastle disease

1Yasser Jamal Jameel, 2Ali Mahdi Sahib, 3Mohammed A. Husain .................................................. 462-464

Effect of different nutritive sources for enhancing cellulase production in Aspergillus terreus

Isolation and purification of cellulase

5Megha, S.V., Maragathavalli, S., Brindha, S., Karthikeyan, V., Annadurai, B. & #Gangwar, S.K. ................................. 474-479

Impact of organic seed pelleting on seed germination and seedling development in okra and chilli pepper

Ramesh Kumar, S. & Muthukrishnan, R. ................................................................. 480-483

Detection of human herpesvirus 6 in patient with Acute myeloid leukemia in Baghdad-Iraq

1Hadeel M. Fayyadh, 2Alaa F. Alwan & 3Dawood S. Dawood .................................................. 484-487

Association analysis of major nutrient and secondary nutrient status of leaves of selected castor genotypes and growth indices of Eri silkworm

Chandrashekhar, S. & Pallavi .......................................................................................... 488-490

Genotype x environment interaction of brinjal genotypes against fruit borer

1Sivakumar, V., 1Uma Jyothi, K., 2Venkata Ramana, C., 1Paratpara Rao, M., 3Rajyalakshmi, R. & 1Uma Krishna, K. ........................................................................................................ 491-494
A check list of snakes in and around Shivamogga City Corporation, Karnataka, India
1Sayeswara, H.A., 1Jeevan, E.N., 1Ashashree, H.M., 1Naik, K.L. & 2Kumara Swamy, N. .......................... 495-500

Diversity of fishes in relation to abiotic status of Vaishav Stream Kulgam, Kashmir
Bilal Ahmad Naikoo, Ranju Gupta & Zuber, S.M. .................................................................................................. 501-505

Case Study

Irrigated crop production for food security: the role of legumes
Mukhtar, A.A., Falaki, A.M. & Muhammad, A.A. ............................................................................................. 506-509

A documentation of successful case studies on farm school
Krishnamurthy, B., Bhuvana, N. & Gopala, Y.M. ............................................................................................... 510-514

Integrated farming systems: an approach for livelihood security of small and marginal farmers
Naushad Khan, Mayank Dubey and U.S.Tiwari .................................................................................................. 515-520

Short Communication

Chitin nanofibrils and its application in healing the skin
1Saumya Choudhary, 2Anamika Pandey, 3Mohd Kamran Khan, 3Sheeba Khan, 2Erdogan E. Hakki,
1Mahinur S. Akkaya, & 1George Thomas ......................................................................................................... 521-523

A report on metacercariae found in two fresh water fishes In Imphal West District of Manipur
1Zenith Ng., 2Nimai, W. & 3Ibomcha, H. ........................................................................................................... 524-526
