About Society

SFSN was established in year 2004 at Lucknow and is the eminent academic Society of India dealing with all branches of science. It aims to promote scientific and technological research concerned with the problems of the national welfare. Society proudly co-operates with other organization in India and abroad having similar objectives.

About E-Conference

Today the whole world faces the health crisis of COVID-19. As 2020 marched on, the outbreak turned into an international pandemic. With the pandemic is running rampant across the globe, there doesn't seem to be an end in sight. The effects and implications of COVID-19 are different for person to person and different for different industries. This crisis period has increased the responsibility of every person towards family, society, nation and humanity in the changing scenario.

This e-conference aims to bring together experts from different industry, disciplines of science, Agriculture & allied sciences, Technology & Management to present state-of-the-art papers to cope up with covid-19 pandemic and offering recommendations for planning and implementing strategies for sustainable development.
